

Why Study Circumpolar Studies?

Because you have taken Circumpolar Studies courses with your institution, we invite you to join us for an important discussion on Circumpolar Studies. We want to continue to improve our courses to make sure that they stay relevant for the future. Meet others in your courses and connect with UArctic Faculty who can tell you more about possibilities for future study.

When: Thursday December 4 at 1 pm Eastern Time or Friday December 5 at 8 am Eastern Time - You can choose the day and time you participate depending on your time zone. (Of course, you can always join both days, too!) We will meet for about two hours, but if you can't stay the entire time, that is ok. We hope to have a short keynote speaker, and some giveaways to make the experience fun and informative. Have your opinion count!

Dec 4 - For those of you in Yukon, Alaska and Western Time Zones

1:00 PM Eastern Time (US and Canada)
