Dates and Costs

<p>Important Dates</p>	<p>APU has a fall and spring term, with an optional summer term. Courses are offered in a variety of modes, with the general expectation that each semester students take a single, intensive 4-week 'block' course, followed by an 11-week 'session' where multiple courses are taken. In the 'block and session' format, students are more focused on fewer subjects at one time – providing more opportunity for active learning and deep understanding. Full-semester courses are available, as well as shorter 7-week 'module' classes.</p> <p>The Academic Calendar and important dates can be found in our University Catalog. Please pay close attention to course dates and duration when selecting classes. Search courses to view fees at the link at the top of the APU home page.</p> <p>Overload Fee: students taking more than the maximum of 18 total credits in a semester will be responsible for costs associated with those credits, including any lab fees.</p> <p>Other costs: Students pay all other costs, such as room and board (housing and food), books, transportation, personal expenses.
